

# Tallie

## Capture Expenses Anywhere

### Snap a Photo or Email a Receipt

Tallie reads it for merchant, date and amount then creates an expense line item.

### Direct Credit Card Transaction Import

Connect Tallie to your bank account for any credit card, including corporate credit cards. Choose to import groups of charges, or by transaction.

### Mileage Tracking

Start/Stop tracking during your trip or enter departure and destination addresses after your trip and Tallie will calculate the mileage.

### Forward Receipts to Tallie

Tallie quickly and accurately reads email receipts. Simply forward receipts from merchants such as Amazon and Uber to Tallie.
