

Tax Credit Incentives for Contractors

RESEARCH & DEVELOPMENT

The R&D Tax Credit may be claimed by taxpaying businesses that develop, design, or improve products, processes, formulas, and software. Many contractors would be surprised to learn they can apply for this credit when it comes to innovate design.

SOLAR INVESTMENT TAX CREDIT

We can help you calculate the tax credits, develop cash-flow models, and forecast projections over the life of the solar projects.

The Solar Investment Tax Credit (ITC) is for residential and commercial investments in solar property. The ITC was recently extended:

Projects beginning construction in 2021 & 2022.

Projects beginning construction in 2023.

Residential credit after 2023

Commercial credit after 2023
