

Kolbe Consulting

The Kolbe Assessment identifies natural talents and allows each person on your team to thrive by allowing them the freedom to be themselves.

Team Benefits

Results focused on strengths that can be enhanced rather than weaknesses that need to be changed.

Provides tools to enhance communication, collaboration, and task prioritization skills.

Allows individuals to thrive by teaching them how to solve problems in a way that works best for them.

Creates motivation and strategies for working outside of natural talents.

Assessment Options

Assessment A identifies the instinctual actions each person taps into when solving a problem.

Assessment B identifies where an individual may find strain between their assigned job duties and natural talents.

Assessment C helps in the hiring process by allowing you to find the right fit for the position & your team.
